“Introduction to Social Culture of Britain”

“Whoever wishes to be delivered from the fire and to enter Paradise...should treat the people as he wishes to be treated.” **Sahih Muslim**

“You shall love the stranger as yourself” **Leviticus 19:34**

This is an initiative of Joseph Interfaith Foundation starting January 2017. It was launched at the House of Lords on 17th November 2016, during Interfaith Week.

The project is for refugees aged 16-26. Many of our young refugees come from war-torn countries where either they have witnessed or been personally affected by horrific violence. When they arrive in this country they don't have necessary language skills or knowledge of our laws and social mores. The aim of this project is to inform these young people and offer them support from various professional and religious bodies to help them build resilience to being misled, and help them to integrate more easily into the community and society.
