Nabil Hawa
Joseph Interfaith Foundation

31 July 2015

As'salaamu alaikum Nabil,

On behalf of the Home Office Islamic Network and the DCLG Network for Muslims, I would like to express my sincere thanks for speaking at our Remembering Srebrenica event on 23 July.

Your personal reflections were really interesting and thought provoking. I'm particularly grateful for the emphasis you gave to ensuring that our communities learn the lessons of the genocide and build a society that comes together and embraces diversity. We've received excellent feedback on the event and hope that the 100+ attendees will now take responsibility for raising awareness among their colleagues and in their communities.

Thank you once again for your support and we look forward to working with you and colleagues in future to build on interfaith values and tackle intolerance and hatred. If we can be of assistance in any way, please don't hesitate to get in touch.

Best wishes,

Lindsey Marks
Chair, Home Office Islamic Network
